Thundersbarrow Hill	Shoreham by Sea	East Sussex	TQ 2250 0850	EC Curwen air photo of practice trenches in Barbican House, Lewes. Associated with Shoreham Camp	Levelled by plough and some areas of scrub but visible on AP and should survive. Appears to overlie earlier Celtic field system on Google Earth	Chasseaud 2014: Fig 2					
Seaford Camp	Seaford Head	East Sussex	TV 4992 9830	Trenches associated with Kitchener Army camp.	Extant, though overgrown on Google Earth	Skinner 2011, pg 28				NMP Plot + Kitchener's Camps at Seaford: A First World War Landscape on Aerial Photographs by Skinner EH Report 27/2011	
Alfriston	Alfriston	East Sussex	TQ 50918 03129	Practice trenches on the side of the neck and on top of the neck of the valley.	Appear to be extant. Likely to be associated with Canadian Infantry	Chasseaud 2014, pg 173 & Fig 9					
Chailey Common	Chailey	East Sussex	TQ 374 208	Maze of practice trenches.	Appear to be extant although some areas overgrown.	Chasseaud 2014, pg 175 & Fig 9					
Exceat	Exceat	East Sussex	TV 533 982	Practice trenches shown on aerial photographs.	Not visible.	Chasseaud 2014, pg 176 & Fig 9					
Polegate	Polegate	East Sussex	TQ 608 047	Practice trenches shown on aerial photographs.	Not visible.	Chasseaud 2014, pg 180 & Fig 9					
Poundgate, Ashdown Forset	Poundgate	East Sussex	TQ 48804 29028	Practice trenches including a extensive trench system on Poundgate Spur.	Appear to be extant although difficult to discern between archaeological features and trackways crossing through forest.	Chasseaud 2014, pg 180 & Fig 9					
Chyngton Farm	Seaford	East Sussex	TV 49777 98384	Practice trenches.	Line of two trenches visible on Google Earth but extensive ploughing across them.	Chasseaud 2014, pg 180					
Warren Camp	Crowborough	East Sussex	TQ 462277 479316	Trenches west of camp on air photos.	Not visible - field appears to have been heavily ploughed.	Chasseaud 2014, pg 175					
Camp Hill	Crowborough	East Sussex	TQ 46877 28196	Trench system on air photos south of Camp Hill, just west of Duddleswell.	Extant - clear remains visible on Google Earth.	Chasseaud 2014, pg 175					
Poundgate Spur	Poundgate	East Sussex	TQ 49422 29235	Very extensive and dense trench system on north and north-west sides of Poundgate Spur.	Hard to pick out - possible features but also looks like old tracks, plantation lines	Chasseaud 2014, pg 175					
Warren Camp	Crowborough	East Sussex	TQ 49228 29154	Trenches west and south of Warren Farm (west of Crow & Gate pub).	Visible on 1947 air photos and Google Earth 2009. Very low earthworks still extant on site. Anecdotal evidence of dug outs that were demolished in the 1970s to prevent accidents.	Chasseaud 2014, pg 175					
Ashcombe House	St. Ann Without	East Sussex	TQ 3881 0978	Trenches north west of Ashcombe House.	Possible remains visible but extensive ploughing activity.	Chasseaud 2014, pg 173					
Ashcombe House	St. Ann Without	East Sussex	TQ 38627 09496	Trenches c.400m west of Ashcombe House.	Clear earthwork remains.	Chasseaud 2014, pg 173					
Pevensey	Pevensey	East Sussex	TQ 65339 04898	Possible 1914-1918 trench excavated - ref probably mis-attributed	Possible features in field SE of roundabout but lots of feature in area, some of which may be geology /natural features.	Chasseaud 2014, pg 179					
Wadhurst	Wadhurst,	East Sussex	TQ 65029 30926	RSR digging trenches on Whiligh Estate - annual training camp.	Possible earthworks in field to NE of B2099 (NW of Whiligh House, Shover's Green)	Chasseaud 2014, pg 181					
Stone Hill	Ashdown Forest	East Sussex	TQ 4548 2904	Training trenches below Duddleswell Road.	Heavily scrubbed but possible traces visible in scrub growth north of Crowborough Road.	Chasseaud 2014, pg 181					
Shoreham	Shoreham	West Sussex	TQ 227 082	Area of 'Military Trenches' (practice trench system) running east from top edge of Mossy Bottom to Celtic field system between Southwick Hill & Thundersbarrow. They are roughly indicated on a map. Associated with Shoreham Camp	close to Celtic field system and not immediately distinct from them, but visible as distinct features on 2011 Google Earth	Chasseaud 2014, pg 183					
Thundersbarrow	Shoreham	West Sussex	TQ 22275 07177	Practive trench system on Curwen air photos. Associated with Shoreham Camp	Clearly visible as crop marks on Google earth	Chasseaud 2014, pg 184					
Seaford Camp	Seaford	East Sussex	TV 50988 99788	Evidence of trenching activity seen on aerial photographs of the Cuckmere valley.	Very faint cropmarks visible.	Skinner 2011, pg 27				NMP Plot + Kitchener's Camps at Seaford: A First World War Landscape on Aerial Photographs by Skinner EH Report 27/2011	
North of Seaford North Camp	Seaford	East Sussex	TQ 49782 02728	Trenching 2km to the north of North Camp on the side a steep drop.	Not visible on current Google Earth photography, field has been ploughed.	Skinner 2011, pg 26				NMP Plot + Kitchener's Camps at Seaford: A First World War Landscape on Aerial Photographs by Skinner EH Report 27/2011	
Seaford Camp	Seaford	East Sussex	TQ 47132 01764	Trenches in fields beside The Norton Farm, approx 2km north west from North Camp.	NGR is for farm - can't see anything immediately obvious in the surrounding fields.	Skinner 2011, pg 27				NMP Plot + Kitchener's Camps at Seaford: A First World War Landscape on Aerial Photographs by Skinner EH Report 27/2011	
Seaford Camp	Seaford	East Sussex	TQ 43757 02125	Trenches on the fields to the north of Newhaven, 4km to the north west of North Camp.	Earthworks visible just off Lewes Road but lots of scrub	Skinner 2011, pg 27				NMP Plot + Kitchener's Camps at Seaford: A First World War Landscape on Aerial Photographs by Skinner EH Report 27/2011	
Seaford Camp	Seaford	East Sussex	TV 49929 98329	Trenching located to the east of South Camp shown as eathworks on 1951 aerial photographs. There are two crenulated lines linked by zigzag communication trenches. The dimensions of the firing lines are approximately 9' by 9'.	Very faint cropmarks visible.	Skinner 2011, pg 27				NMP Plot + Kitchener's Camps at Seaford: A First World War Landscape on Aerial Photographs by Skinner EH Report 27/2011	
Beverley	Beverley	East Yorkshire	TA 02373 38611	First and Second World War practice trenches visible as earthworks on aerial photography.	Not visible on current Google Earth photography.	Chalk Lowland and Hull Valley NMP & NMR Unique Identifier 1566132	RAF/3G/TUD/UK/1 PART II 5006 14-DEC-1945	Re-use likely - appears to be phasing within the complex		East Riding of Yorkshire Chalk Lowland & The HullValley NMP by Evans, Boutwood, Knight & Oakey Report No39-2012 + NMR Record Sheet

Chiseldon	Chiseldon	Wiltshire	SU 2131 7669	Location of training trenches.		Liddington Environs project. Email to HE confirms risk of UXOs on site					NMP Plot
Eastchurch	East End	Kent	TQ 9950 7162	Blockhouse	No longer visible	Historic mapping supplied by Historic England	Further survey required				Architects Plans of Blockhouse
Clipstone Camp	Edwinstowe	Nottinghamshire	SK 614 635	Location of a practice trench.		NMR Unique Identifier 1418745	Not mapped for Notts NMP prob as in woods and/or out of scope				
Clapham Common	Bexley Heath	Greater London	TQ 486 748	Location of a practice trench.	Buried remains visible on air photos but condition unknown.	GLHER		No NMP for London yet - GE '1940s' layer shows extensive allotments and a WWII camp at the north-east end of the park. Aerofilms 1935 - two distant views. HE Reconnaissance 2006 recorded parchmarks - potential for more in archive.			NGR needs checking, plots i 4 X AP's
Compass Cove	Little Dartmouth	Devon	SX 884 494	Location of a practice trench.	No remains visible, area is covered by vegetation.	RCZAS NMP	Nothing found during S Devon RCZAS NMP survey				
Crowthorne Wood	Bracknell	Berkshire	SU 87531 65815	Believed to be Napoleonic & 19th Century in date	Grid ref is for discovery centre - area is heavily wooded so trenches not visible on google earth	'Military Training Earthworks in Crowthorne Wood Berkshire: A survey by the Royal Commission on the Historical Monuments of England'. Archaeological Journal 152, 422-40	Not covered by NMP				
Harlaxton	Harlaxton	Lincolnshire	SK 8965 3312	Training trenches associated with Machine Gun Corps based at Belton Park, Grantham	Ploughed but visible on some satellite imagery	Information on sketch plans supplied by Machine Gun Corps History Project/Old Comrades Assoc.					
Dover	Dover	Kent	TR 3493 4409	Location of defensive trenches.	Unknown	South East Rapid Coastal Zone Assessment Survey and visible on satellite imagery	SERCZAS - could be WWII? GE 1940s layer shows some of them		Possibly WWII		South East Rapid Coastal Zone Assessment Survey (SE RCZAS) Phase 1: National Mapping Programme Report 2011 Wessex Archaeology Report ref.: 71330.01
Epsom	Epsom	Surrey	TQ 2012 5885	Two Camps at Woodcote Park, Epsom, which served Universities and Public Schools Brigade. Considered highly likely to have had backdoor training areas but no remains visible and the golf course and post-war development may have obliterated them.	Unknown	http://www.epsomandewellhistoryexplorer.org.uk/WoodcoteParkCamp.html					
Swingate	St Margaret's at Cliffe	Kent	TR 33663 43511	Possible location of training trenches.	Possibly preserved within hedgeline which does not conform to surrounding field boundaries						
Elvedon	North Stowe	Suffolk	TL 8244 7435	Location of trenches in a tank training area.	No remains visible, area is woodland.	Suffok HER WSW 101	Trenches on tank training map (from Wayne Cocroft) centred on North Stow Farm with main lines to the east. GE 1940s layer too poor quality to tell if remains there are definitely WWI, whole area now in coniferous plantations. This area is to be covered by a Breckland NMP project (just started contact sophie.tremlett@norfolk.gov.uk) and lidar for this may turn up evidence. Area to north west (Berner's Heath, Shradedell Heath, Horn Heath, Weather Heath) seem to be focus of Second World War training etc - good on GE		May be WWII		2 X EH Maps
Wrotham Eastern Command Bombing School	Vigo	Kent	TQ 65775 61954	NGR for central part in Whitehorse Wood	No remains visible, area is woodland. Could be part of a WWII inland Stipline				May be WWII		Lidar Image and Kent CC Plan
Godstone	Woldingham	Surrey	TQ 363 536	Possible location of training trenches.	No remains visible.	https://www.flickr.com/photos/flat4/sets/72157628248435151/	GE (1999) shows some soilmarks and suggest earthworks in trees of Whitefield plantation				
Browndon Camp Gosport	Lee-On-The-Solent	Hampshire	SZ 583 996	Location of practice trenches.	Earthwork remains visible.	South East Rapid Coastal Zone Assessment Survey (Wessex Archaeology) - plate 9 below https://www.historicengland.org.uk/images-books/publications/serczas-phase1-nmp/	Partly covered by trial NMP (Herts) but nothing mapped				2 X 1951 AP's
RAF Halton	Halton	Buckinghamshire	SP 87866 09230	Significant areas of training trenches, including some reconstructed by RAF trainees.	Good earthwork survival in places but elsewhere levelled and returned to plough.						
Orwell Park	Ipswich	Suffolk	TM 20546 39698	Possible location of training trenches.	Possible Trench System visible on satellite imagery		Some mapped by NMP				
Isle of Sheppey	Isle of Sheppey	Kent	TQ 974 702	Substantial anti-invasion scheme: 11 miles (18km) of trenches were constructed Blockhouse to protect eastern end of Severn Tunnel	Partly excavated 2014 as part of the Defence of Swale Research Project: Combination of Trenches and Gun Emplacements. Substantial and extensive remains surviving	The Battle of Britain that Never Was' by Anstree & Smith	Good 1940s layer on GE, and subsequent layers could be used for a basic assessment. Any further work should review all APs in national/local collections (HE Archive, CUCAP, Kent CC)				The Battle of Britain that Never Was: A Tour of Swale's Forgotten Great War Defences by Anstee & Smith + Period Plan of Defences
Severn Tunnel	Bristol	Somerset	ST 54529 85443		Unknown						2 X Period Plans + Hand written notes
Kelling Heath	Holt	Norfolk	TG 121 410	Temporary airstrip constructed as part of a D-Day preparation. Trenches were later excavated across the runway to prevent it being used by other aircraft. Silt trenches and other military features are also visible. RAF 106G/UK 1430 3157 16-APR-1946 (NHER TG 1040B) © NMAS.	No remains visible.	Norfolk Coast NMP			WWII		Norfolk NMP

Site Name	Parish/District	County	NGR	Description	Condition	References	Mapping & AP Comments	WWII Comments	Designation	Associated Files	Source Aps
Kensington Gardens	Kensington	London	TQ 26465 80244	Exhibition trenches dug in Kensington Garden for the edification of the home front. These were clean, dry, and well furnished, with straight sides and sandbags neatly aligned. R. E. Verne writes his wife from the real trenches that a friend of his has just returned from viewing the set of ideal ones. He "found he had never seen anything at all like it before." And Wilfred Owen calls the Kensington Gardens trenches "the laughing stock of the army."	Grid Ref is for centre of park - photographic evidence suggests they were on the periphery of the park - possibly masked by trees today.F248	Aerial photography evidence Trenches in Kensington Gardens By Sarah Goldsmith				History of Kensington: Trenches in Kensington Gardens' by Goldsmith The Kensington Magazine Nov 2013, p8 + Image from article	
King Barrow Ridge	Larkhill	Wiltshire	SU 13124 43326	Location of trenches.			Identified by geophysics.			NMP Plot	
South Common	Lincoln	Lincolnshire	SK 97542 69395	Area used for Tank testing: Little Willie (prototype tank).	Earthworks may have originally been associated with quarrying and utilised for tank testing			Nothing mapped for NMP - review of APs could turn up new info though as NMP completed in the 1990s and new info may be available on AP's accessioned since then. Geological marks (?with some potential non-geol) showing as cropmarks on Google Earth (2007) in arable to the SE of common.			
Marlow Common	Marlow	Buckinghamshire	SU 82158 86303	Location of trenches.	No remains visible, area is woodland.	NRHE Number 1416012		In woodland so no AP cover, nor covered by any NMP - location looks to be between Environment Agency lidar cover -although southern and eastern fringes of the wood are covered.			
Isle of Thanet	Manston	Kent	TR 342 684	Location of trenches.	Remains visible in field.	Noted during site visit.		Anti-invasion trenches mapped for Kent NMP (cropmarks). sources not recorded as part of project but trenches vis as cropmarks on 1940s and recent HE Archive AP's. NB use of the area in WWII - barbed wire and gun batteries etc on GE. Kent NMP mapped cropmarks only but there is a dotted line that seems to indicate the area. Also various trenches (cropmarks) mapped for Kent NMP to the west between St Nicholas Wade, Monkton and Birchington , Thanet		RAFs and 1970s/80s obliques. GE shows soilmarks of some.	
Okehampton Camp	Okehampton	Devon	SX 5949 9238	Location of trenches.	No remains visible. Monument record includes field visit info from RCHME investigator.	NRHE Number 1396475		Dartmoor air photo mapping - hand drawn - parts also surveyed on the ground by RCHME/EH in 2003. See also plan of trenches (described ?incorrectly as Hartor Hill in caption but Rowtor in text) in P Newman's EH publication - The Field Archaeology of Dartmoor		NMR Record Sheet + NMP Plot	
Wallingford Trenches, Kinecroft	Wallingford	Oxfordshire	SU 60444 89174	March 1917 practice trenches were dug by the local volunteer force on the Kinecroft in Wallingford at "the far end"	This area appears to be wooded today	Company Order & BBC article www.bbc.co.uk/programmes/p01x0kqy					
Port Meadow	Oxford Common	Oxfordshire	SP 49426 08361	Group of five features on Port Meadow, visible as crop marks on the valley floor: Probable modern military features, including timber slots for huts and latrine pits.	NGR is for the centre of Port Meadow.	Thames Valley NMP.					
Porton Down	Porton	Wiltshire	SU 22210 36635	Gas warfare experimental trench.	Some earthwork remains visible.	HEA recce photographs.			Scheduled 1016818	6 X AP's	
Barossa Common	Sandhurst	Berkshire	SU 872 614	Trenches possibly related to officer training.	No remains visible.			No NMP, area is playing fields so earthwork survival unlikely - potential for in the woods? Review of historic APs might be useful.			
Seaford	Seaford Head	Sussex	TV 499 983	Site of a training trench.	Some earthwork remains visible.	Sussex AP report					
Seaford	Seaford Head	Sussex	TV 508 984	Site of a training trench.	No remains visible.	Sussex AP report
